

ISCI Generator Feedback 12/2

CREDENTIALS

ISCI ALPHA version: <http://54.158.87.192/>

login info is at the bottom of the app login screen

GENERAL

- Client list to be updated to be accurate
- ☒ Air date – can we override the calendar function so we can add TBD or other
- The ideal function + output:
 - Producer fills in all fields
 - ISCI Generator uses data from field to export:
 - ISCI + File Name
 - Slate for each File as required (labeled by File Name)
 - CSV file with 2 x columns: ISCI + File Name

DO NOT NEED / TO BE REMOVED

- ☒ Assigned Editor field
- ☒ Status field
- ☒ Version / Cut field

REQUIRED / TO BE ADDED / REVISED

- ☒ Revise – Language: add all languages to dropdown (currently only have ENG)
- ☒ Add - Job number
- ☒ Add - Market (but only the country code should be added to the File Name)
